Hospitals & Institutions Committee Guidelines

Approved January 14, 2007

Amended: Amended January 8, 2023

The purpose of an H&I Meeting (Presentation) is to carry the message to addicts who do not have full access to regular Narcotics Anonymous meetings. H&I Meetings (Presentations), except for those in long term facilities, are intended to simply introduce those attending to recovery through the program of Narcotics Anonymous.

One of the most important tasks of an H&I Subcommittee in clarifying its own purpose is to establish its priorities. Usually, the highest priority is given to facilities which house addicts who cannot attend any regular NA meetings. Some treatment facilities fall into this category. Treatment centers which allow some limited access to regular meetings are somewhat lower on the priority list. These decisions about priorities are not clear cut, particularly when residents are allowed limited access to outside meetings. If we are not making an effort to inform these addicts about Narcotics Anonymous, then we are leaving it up to the facilities to inform them about us, or we are leaving them uninformed. It is important that these residents learn about NA from informed members of our fellowship. H&I Meetings (Presentations) have the advantage of the question and answer period, which allows residents to address specific questions and concerns about Narcotics Anonymous with members of Narcotics Anonymous. Decisions about priorities may be quite difficult. For example, recent graduates of particular facilities may have a strong desire to see "their" facility served. Decisions about priorities must be made more objectively than that.

Our resources are limited, and no subcommittee can effectively meet every possible need. The quality of meetings is more important than their quantity. Our primary purpose is not best served when we allow ourselves to become over-committed.

Motions: The Process

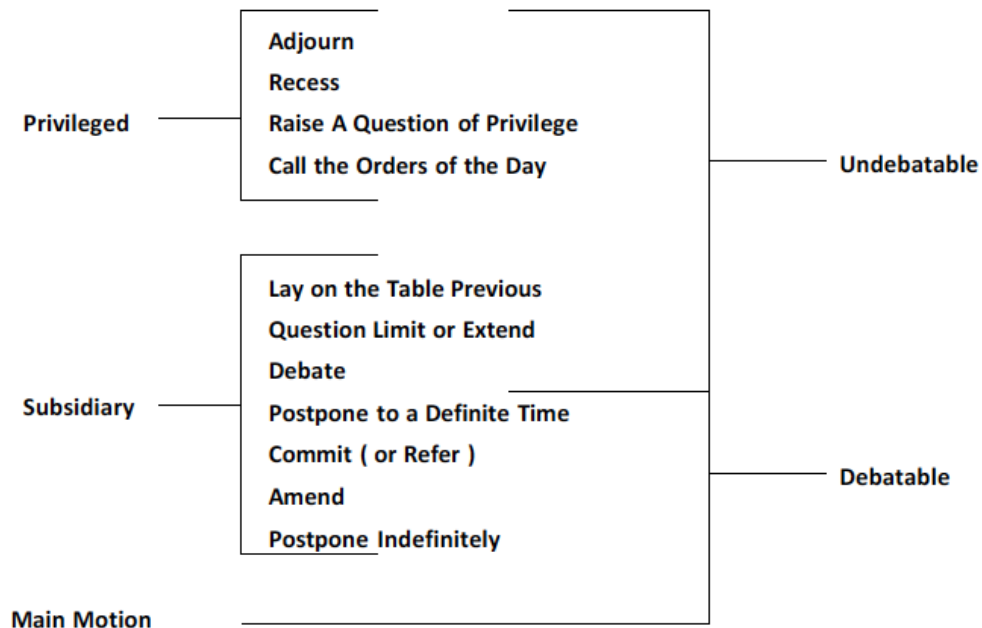

Section 1. The Making and Disposing of Motions

- A. A motion is made. This is the beginning of bringing a matter before the conference.
 - 1. Avoid wording a motion in the negative because of the possible confusion as to the effect of the motion.
 - 2. A motion should be clear, concise, and comprehensive so that the conference is not voting on the received intent but on the actual working as it will be officially recorded.
- B. A motion is recorded. A second merely indicates that another member wishes the matter to come before the conference; it does not necessarily mean the second is in favor of the motion.
- C. The motion is reviewed by the Policy Chair. (07/09)
- D. The chair states the motion. This makes the motion pending and before the conference: it is only at this point that the motion belongs to the conference and must be disposed of in some manner.
- E. There is then debate (if the motion is debatable) and/or the making of subsidiary or incidental motions (if the motion is amendable or if other incidental motions are in order).
 - 1. Debate is of the motion, not the member making it. Motives should never be questioned.
 - 2. Members should address each other through the chair and should use titles or descriptions of duties, not names (i.e. CJASC Vice-Chairperson, not John). The chair addresses members by name. Discussion is not generally between two members but through the chair.
- F. When ready, the conference votes to adopt (carry) or reject (fail) the motion. This is also known as the chair puts the question.
 - 1. In cases where there seems to be little or no opposition in routine business, adoption of a motion or action without a motion can be by unanimous consent. The chair calls for any objections, if there are none; the matter/action is adopted. In the case of an Amendment to a pending motion, this is known as a "friendly amendment." It must be friendly to the entire conference, not just the maker.
 - 2. There are no fractions of votes.
 - 3. A majority vote (simple majority) is one (1) more than one-half (1/2).
 - 4. A two-thirds vote (2/3 majority) means at least two-thirds (2/3).
 - 5. The determination of a vote (simple or 2/3) will be based upon members present and voting. Abstentions are a choice not to be present for the vote.
 - 6. A clear majority is one (1) more than one-half (1/2) of the available voting participants.
 - 7. The chair announces the result of the vote, and its adoption or rejection.

Section 2. Class (Type), Precedence, and Order of Motions:

- A. Since there may be several motions pending at a given time, the highest motion is disposed of first. Motions of the higher rank than the pending motion are in order. The class and precedence within the class, of a motion determines when it is in and out of order, and what it takes precedence over.
- B. M = Main Motion. Brings business before the conference. Can only be made when no other motion is pending and ranks lowest in the order of precedence.
 - 1. No main motion is in order if it conflicts with national, state or local law, or with the rules (principles) of the conference. If such a motion is adopted, even by a unanimous vote, it is null and void.

2. No main motion is in order which presents substantially the same question as a motion previously rejected in the same session.
 3. No main motion is in order that conflicts with a motion adopted within the last six months and that is still in force.
 4. No main motion is in order that would conflict with or presents substantially the same question as one that has been temporarily disposed of and which remains in the control of the conference (i.e. Committed, Postponed, or Tabled). (If a question has been Laid on the Table and the same question is brought before the conference during the current session, it would be more appropriate to Take the original motion from the Table and to dispose of it than to address a new motion.)
- C. S = Subsidiary Motion. Assists the conference in handling a pending motion. Always applies to the pending motion and does something to it without expressly adopting or rejecting it. Subsidiary motions also have an order of precedence and several may be pending at one time.
- D. P = Privileged Motion. Does not relate to the pending business, but is also important that it should be allowed to interrupt the consideration of anything else. In general the highest ranking motion. Privileged motions also have an order of precedence and there may be several pending at the same time.
- E. I = Incidental Motion. Deals with questions of procedure arising out of a pending motion or some other business. Although it may resemble a subsidiary motion, it does not generally alter the pending motion but its procedure. With a few exceptions, it relates to the pending question and must be taken care of before business proceeds. It is difficult to set their order of precedence, since it depends on the particular set of circumstances each time.
- F. B = a motion that brings a question before the conference. Generally can only be made when no other business is pending.
- G. An example of the order of precedence of privileged and subsidiary motions - listed highest ranking on top. Each motion takes precedence (and therefore is in order even if the others below are pending) over the ones listed below it.

Section 3. Redress

If a member believes that a motion is not being handled well, or has not been handled correctly (whether adopted, rejected, temporarily disposed of, etc.), or should be changed due to new information, a change in circumstances, etc., there are certain situations to consider and many options available.

- A. Matters left undone at adjournment die. However, they can be brought up at a later session as new questions.
- B. Matters Rejected:
 - 1. During the same session, the motion Reconsider would be in order. (Or if the question is substantially different, due to changes in circumstances, new information, or other significant change in intent, a new motion might be in order.)
 - 2. At the same session, a motion can be "renewed"- that is, the same question can be introduced again as if new.
- C. Matters Adopted:
 - 1. During the same session, the motion Reconsider would be in order. The motion to Reconsider is in order if the original motion was voted on today. The motion to reconsider must be made by a member who voted on the prevailing side of the original vote. If the Reconsider time limit has passed, the appropriate motion would be Amend Something Previously Adopted. During the same session, Reconsider is the preferred motion; however, Amend Something Previously Adopted is in order at any time before or after it is too late to Reconsider.
 - 2. At a later session, the appropriate motion would be Amend Something Previously Adopted. Any member may make that motion and there is no time limit.
- D. Matters Temporarily Disposed Of:
 - 1. Suspend the Rules, Discharge a Committee, or Take From the Table would be appropriate depending on the circumstances, or to Reconsider a motion (if reconsiderable) that temporarily disposed of a motion, e.g., Commit or Postpone.
- E. Matters on the floor: Appeal the Chair, Point of Order, Call for the Orders of the Day, Division of the Question, etc. and other parliamentary tools would be appropriate.

Section 4. To Remove A Pending Motion From The Floor

There are several options, some of which are:

- A. Lay on the table: if the intent is to set a pending motion aside temporarily, because an urgent matter has arisen. As soon as the interrupting business has been taken care of, a motion to Take from the Table is appropriate.
- B. Postpone Definitely: if the intent is to put off consideration to a more convenient time or pending more information
- C. Postpone indefinitely: if the intent is to kill that motion for that session.
- D. Objection to the Consideration: if the intent is to avoid consideration of the motion for that session.
- E. Commit to Committee: if the intent is to refer the matter to a specialized group to collect input, research, and make recommendations.
- F. Commit to Groups for Conscience: if the intent is to ask the groups to collect a conscience to guide the conference's action on the motion.
- G. Extend or Limit Debate: if the intent is to limit the number of speakers, the amount of time each may speak, the total time of debate, or to set the time that debate will close.
- H. Previous Question: if the intent is to stop debate immediately and put the question to vote.
- I. Vote against the motion: if the intent is to defeat the pending motion.

- J. Vote for the motion: if the intent is to adopt the pending motion.
- K. Recess: if the intent is for the conference to take a brief time out before continuing.
- L. Adjourn: if the intent is to let the matter die. (However, no other business of any kind may be taken up until the next session.

Section 5. Recess or Adjourn

The difference between Recess and Adjourn, are very slight, but basically:

Recess means to take a short intermission within the meeting. After the recess, proceedings are immediately resumed at the point where they were interrupted.

Adjourn means to terminate the session. (A session is the monthly meeting or a special meeting of the conference).

Section 6. Formal Name / Common Name

Since the CJASC Rules of Order are fairly formal, the following is a list of the more commonly known terms:

FORMAL NAME	COMMON NAME
Adopted	Carried
Amend by Substitution	Substitute
Amend Something Previously Adopted	Includes Rescind
Entertain a Motion	The chair, sensing the conference's intent mentions the motion that would be in order that might accomplish the conference's goal
Previous Question	Call the pending motion to a vote; call for the question; call for the vote
Put the Question	Vote
Question of Privilege	Point of personal privilege
Rejected	Failed
Suspend the Rules	Includes change of the Orders of the Day
Unanimous Consent	"Friendly" (particularly in the case of amendments) or called "Acclamation"

CENTRAL JERSEY AREA SERVICE CONFERENCE

GSR ORIENTATION GUIDE

CJASC APPROVED

April 10, 2005

INTRODUCTION

Welcome to the Central Jersey Area Service conference. This packet was created to assist new Group Service Representatives and alternate GSR's with fulfillment of their new commitment. The first portion of this guide is taken directly from the group booklet then there is a section that provides information that pertains to the Central Jersey Area Service Conference. Sample copies of forms that are in used at our meetings are located in addendum B. The Group Service Representative commitment is an important role in the group's primary purpose as well as an opportunity to enhance your own personal recovery. "We keep what we have by giving it away". Many of us have found the GSR commitment to be a rewarding experience.

However, we have also found that until we became accustomed to the responsibility it could be somewhat confusing and intimidating. This document has been produced by the Central Jersey Area Service conference to help you to understand the role and responsibilities of the GSR. Please keep this as a resource for future reference. Also be aware of and use other resources available to GSR's. These include The Group Booklet, The Guide to Local Service, The Twelve Traditions, The Twelve Concepts for NA service, and the GSR Mentor Program. The GSR Mentor Program pairs new GSR's with an experienced member of the NA service structure. Your Mentor can be thought of as a "service sponsor" and will be assigned to you at your first visit to Area Service. Any questions or problems pertaining to your commitment should be referred to your mentor. This Guide has been written in accordance with the previously mentioned service literature. It is also in harmony with the ways in which experience has shown us that service works most effectively in the Central Jersey Area Conference.

The following pages will address such important topics as:

- Overview of the NA Service Structure
- GSR Responsibilities at Group Level
- GSR Responsibilities at Area Level
- Conference Agenda Report
- Alternate GSR
- Business Meeting Format & Procedures
- Samples of Forms to Fill Out

OVERVIEW OF THE NA SERVICE STRUCTURE

The service structure in NA is based on an upside down pyramid.

At the top is the most important level, the Groups. This is where our primary purpose is fulfilled. Each group elects a **Group Service Representative (GSR)** to represent that group. All the GSRs meet once a month at Area Service.

The **Area Service Conference (ASC)** is the next level down the pyramid and its primary purpose is to serve the groups. Our ASC also supports several committees which carry the message of recovery directly to the still sick and suffering addict. Each Area elects a **Regional Committee Member (RCM)** to represent the area. The RCM's meet every other month at a Regional Service Conference.

The **Regional Service Conference (RSC)** is the next level down the pyramid and its primary purpose is to serve the Areas. Our RSC also supports committees and services such as Helpline, Conventions, and Meeting Directories, which assists in carrying the message of recovery to addicts throughout the state. Each region elects a **Region Delegate (RD)** to represent the region. The RD's meet once a year at the **World Service Conference (WSC)**.

The WSC is the lowest level Service Structure and it's the pyramid and its primary purpose is to serve the Regions, Areas, Groups, and Members. Our WSC supports a global effort to carry the NA message in different languages and countries.

It is important to note that two-way communication must exist between the levels of the service structure. The two specific levels that the GSR participates in are the Group level and the Area level. The GSR carries the needs and the concerns of the group to the area level and in return carries the information from the Area meetings back to the Group. While ALL the elements of the service structure play an important role we will focus primarily on these two levels.

GSR AT GROUP LEVEL

Each group elects one Group Service Representative, even those groups hosting more than one recovery meeting. These GSRs form the foundation of our service structure. They do this by participating in the Area Service Conference meeting, attending forums, and assemblies at both Area and Region levels, and joining in the work of ASC subcommittees. If we are vigilant in choosing stable, qualified leaders at this level of service, the remainder of the structure will almost certainly be sound. From this strong foundation a service structure can be built that will nourish, inform, and support the groups in the same way that the groups nourish and support the structure.

GSRs bear great responsibilities. While the GSRs are elected by and accountable to the group, they are not mere messengers. They are selected by their groups to serve as active members of the Area Service Committee. As such they are responsible to act in the best interest of NA as a whole, not solely as advocates of their own groups priorities. As a group's trusted servant, the GSR is very important to the stability of that group. The fact that you are elected to a one-year commitment, as opposed to many other group positions which change every three months, means that you will have a lasting influence on the group's atmosphere. The GSRs should coordinate their efforts with other trusted servants of the group (Treasurer, Secretary, Chair, etc.) to make sure that the group's primary purpose is best being achieved. This would include such actions as assisting new trusted servants with the benefits of your service experience or meeting to discuss potential problems on a group level.

The following is a brief summary of the GSR's responsibilities at the group level:

GSR Report

A verbal group report is given to the group at the beginning of the meeting. This report should include such vital information as NA related announcements, the time and location of committee meetings, a schedule of upcoming activities, groups that need support, and when the group's next business meeting will occur. The GSR's report is an integral part of the two-way communication necessary to keep your group informed on what is going on in Narcotics Anonymous as a whole. When you return to your group, you should make available the flyers or sign up sheets that were distributed at Area Service. It is important that all relevant information from Area is announced to your group.

Business Meetings

The business meeting is the primary forum in which all group business is conducted. Business meetings are run by the GSR and attended by all trusted servants and members of the group. Business meetings should be held at least once a month, usually the week just before Area Service. Business conducted at business meetings includes, but not limited to: elections of trusted servants, voting on motions, and discussing group problems. Decisions are house cleaners through the spiritual principle of **group conscience**. Each member votes their conscience on what is in the best interest of the group. As the chair of the business meeting the GSR must maintain an orderly atmosphere of recovery. While a GSR can be called on to explain the pros and cons of a given issue, the GSR never expresses a personal opinion and does not vote. This is because the GSR's position as a chair might unfairly influence other member's conscience. See Addendum A for suggested business meeting format and procedures for elections / motions.

Tips For Running Business Meetings

Attendance by all group trusted servants is crucial. People should speak **ONLY** when called on by the GSR. Side conversations and talking out of turn creates a noisy confusing atmosphere and should be discouraged by the GSR. Remember when you maintain an orderly, respectful environment at the business meeting, you conduct business more efficiently, and go home sooner, and attract more members to your next meeting.

Literature Needs / Donations

Literature order forms are usually completed at the business meeting just before Area Service. The GSR coordinates with the secretary to determine what literature the group needs to buy at Area. At this meeting the GSR also collects the money for literature from the Treasurer. The group's donation to Area is also determined at this meeting. This is voted on by the group in the form of a motion house cleaner by a group member. A typical motion of this type would be "that the group put aside this month's rent, buy literature needed, and donate the remaining money to Area. All money brought to Area is to be in Money

Order form only. The GSR then purchases a Money Order and takes this information, as well as the Money Order and any relevant group conscience to that month's Area Service meeting.

THE GSR AT THE AREA LEVEL

The monthly meeting of the Central Jersey Area Service Conference is a great opportunity for GSRs of member groups to get together and discuss problems at the group level, help carry the message of NA, and get information on what is happening in the rest of the service structure. It is a wonderful chance to meet recovering addicts from other parts of the area that you may not otherwise have met. At Area, GSRs share recovery, service experience, and often form valuable friendships. As participants in the ASC, GSRs need to be as well informed as possible concerning the affairs of the committees and they study the reports of the conference officers and committee chairpersons. They read the various handbooks published by the World Service Office on each area of service. After carefully considering their own conscience and what they know about how their group members feel, they take active, critical parts in the discussion which form the group conscience of the entire conference. GSRs link their group with the rest of NA service structure, particularly through the information conveyed in their report to and from the Area committees. At group business meetings the GSR report provides a summary of Area Conference activities, often sparking discussion among group members that provide the GSR with a feel for how the Area can better serve the groups needs. In group recovery meetings, GSRs make available flyers announcing Area and Regional activities. At Area Conference meetings the GSR reports provide a perspective on group growth vital to the conference work. If a Group is having problems, the GSR can share those problems with the conference in their report. If the group hasn't found solutions to these problems, the Area Chairperson will open a slot on the committees sharing session agenda so that the GSR can gather the experience others have had in similar situations. If any helpful solutions arise from the sharing session, the GSR can report the solutions back to the group.

Upon arriving at Area Service the first things you want to do is pick up the following forms:

- A. Literature Order Form- A form with all the literature, quantities, and prices on it. This form is what the groups use to order literature. This form can be obtained at the Literature Sales area.
- B. Motion Slips- The form designed for any motions that you will be making on behalf of your group. Motion slips must be completely filled out as per sample.

NOTE: Sample copies of each form are included in Addendum B.

Place your literature order in the order box at the Literature Sales table with your money order stapled to the order form. The money remaining after your order is filled is automatically donated to Area Service.

NOTE: the Literature Sales Chair and the Treasurer remain extremely busy. If you have any questions other than that which concerns your literature purchase or your area donation, ask your mentor, an experienced GSR or the Area Vice Chair.

When your order placement is completed you can now take a seat at the table and fill out your Group Report sheet. When Area starts, pay attention and take careful notes. Remember, you are your group's link to the Area, Region, and World service structures. You will have an opportunity to express your Group's needs or concerns during the verbal "Group Reports" section of the agenda. Motions submitted by the groups, GSRs and committees are discussed and voted on during the "New Business" section of the agenda. When voting it is important that your vote reflects your group's conscience and what is in the best interest of NA as a whole. Sometimes this may conflict with your own personal opinions. Being "Other Centered", which means putting service first and self second, is an integral part of the way NA service and completes our personal growth and recovery.

ALL MOTIONS SENT BACK FOR A GROUP CONSCIENCE MUST BE VOTED ON AND RETURNED BY THE NEXT AREA SERVICE MEETING.

When Area is complete be sure to pick up your literature. This along with all with all information received at Area should be brought to your group's next scheduled meeting. NOTE: (No literature is distributed during area without consent of the Chair)

Count your literature before you leave to make sure you got all you ordered. If you were given a Back Order receipt you must bring this receipt back to the next Area Service meeting and include it with your new order form. All information should be read during your GSR report to your group and any activity / convention flyers should be handed out or openly displayed. This completes the GSR cycle of two-way communication. During the Area meeting the secretary takes minutes (notes). You will receive a copy of these minutes via email. Please read the minutes when you originally receive them and again just before your group's next business meeting. This will help keep you better informed on issues affecting the groups and pending Area business. This will also help you to remember what motions were tabled to the groups for a vote, and what the motions were about.

IMPORTANT NOTICE: Just as in your group's business meetings, Area business is best conducted in an orderly, respectful environment. Try to refrain from any unnecessary side conversations. When this is unavoidable please whisper to avoid distracting others.

Conference Agenda Report

Bi-Yearly, all motions submitted from the service structure are compiled at the World level and distributed to all the groups for a group conscience. These motions include many important concepts such as changes to the NA service structure, approval of new literature, and other issues affecting NA as a whole. They are compiled in a document called THE CONFERENCE AGENDA REPORT (CAR Report).

Reviewing the CAR is perhaps the most involved task you will address during your GSR commitment. The CAR is a method by which the Groups have a direct influence on how our message is carried. It is critical that your group voices it's conscience. For this reason it is important that you, as a GSR, put forth the necessary effort to understand all the material and issues in the CAR so that you can convey this information to the group. Workshops on the CAR are held at many different levels. The CJASC conducts a workshop, run by the RCM for the GSRs of member groups as well as any other interested parties who care to attend. GSRs then take this information back to their groups for discussion and voting. As always the GSR presents all the facts in a natural impartial manner and never expresses an opinion. It is good to give the group pros and cons on the issue in an objective manner.

Remember, the foundation of the group's ability to make an informed decision on CAR issues is the learning and preparation done by the GSR. Many GSRs attend several CAR workshops. You will be unable to adequately convey the facts to your group unless you attend at least one workshop. Workshops are typically held well enough in advance so that your group may meet several times to complete the CAR. This is done so that no one Business Meeting will cover more material than the Group members can reasonably process. The results of the group's conscience are then submitted to the RCM. The RCM gives the Area's results to the RD's who then brings them to the World Service Conference.

ALTERNATE GROUP SERVICE REPRESENTATIVE

Groups also elect a second representative called an Alternate GSR. The Alt. GSR can be thought of as a "GSR in training". It is suggested a two-year commitment with the first year as the Alternate and the second year as the group's GSR. When the GSR cannot be present the Alternate fulfills his/her responsibilities on the group level. It is imperative that the Alt. GSR attends each ASC meeting (as a non-voting member) in order to learn and to provide the GSR with support. If the GSR cannot attend the ASC, the Alt. GSR participates in the GSR's place. Alternate GSRs, along with the other members, may also serve on area committees. Subcommittee experiences give Alternate GSRs added perspective on how Area services are actually delivered. That perspective helps make them more effective GSRs if their groups later elect them to serve in that commitment.

GLOSSARY

Adjourn: To close session immediately.

Amend (a pending motion): means to modify the wording of a pending motion and is considered a primary amendment (that is it applies directly to the main question.). The amendment is voted on by itself and before the pending motion. If the amendment is adopted, the main motion is pending in its amended form; if the amendment is not adopted, the main motion is pending in its original form. An amendment is generally amendable. This amendment is considered a secondary amendment and not the main question. The secondary amendment is disposed of by itself and before the primary amendment. If the secondary amendment is adopted, the primary amendment is pending in its amended form; if the secondary amendment is not adopted, the primary amendment is pending in its original form. A pending motion may be amended many times before final disposition; however no more than one primary and one secondary amendment can be pending at any one time. A members vote on an amendment does not obligate them to vote in a particular way on the main motion. Because primary amendments, secondary amendments, and pending motions are voted separately, it allows each member the freedom to be in opposition to the amendments but in favor of the motion, or visa versa. The motion to Substitute, a form of the motion Amend, proposes that a substitution shall come before the conference in place of the pending resolution. During the consideration of the motion to Substitute, debate can go into the merits of the pending resolution and the proposed substitute, and both may be perfected by amendment, but any amendments to the original pending resolution will be taken up first. Once all amendments have been made and disposed of, the motion to Substitute is voted on. If carried, the substitution comes to the conference for vote. If the motion to substitute fails, the original pending resolution comes to the conference for vote.

Amend Something Previously Adopted: means to change a part of the motion already adopted. This motion can be moved by any member, regardless of how they voted on the original question. There is also no time limit when this motion can be made. Rescind, Repeal, Annul, a form of the motion to Amend Something Previously Adopted, means to cancel out totally a motion already adopted. This motion can be moved by any member, regardless of how they voted on the original question. There is also no time limit on when this motion can be made.

Appeal the Chair: means the ruling is taken from the chair and decided by the conference. By electing a Chair, the conference delegates the authority and duty to make necessary rulings on questions of Parliamentary Procedure. However, members do have the right to appeal and have no right to criticize a ruling of the Chair unless they appeal the decision.

Commit or Refer to Committee: means to send the pending question or other issues to a committee so that the question or issue may be carefully investigated and put into better condition for the conference to consider. The motion should specify which committee. If a special or ad hoc committee is needed, the committee can be formed in the same or amending motion.

Commit to Groups for Conscience: means that the conference is requesting direction on a motion from the member groups of the CJASC. The GSR should bring the matter before the members of their group at the next business meeting and submit the group's conscience in the manner agreed on by the conference.

Discharge a Committee: means to discharge the committee from further consideration of a question or subject. This is generally only advisable when the committee has failed to report with appropriate

promptness, or when the conference wishes to drop the matter. There is no need for this motion when the committee has made its final report, since that in effect discharges it. So long as the question is in the hands of the committee, the conference cannot consider another motion involving practically the same question. If the matter was originally given to the committee with the subsidiary motion of Commit attached to a pending motion, then the question comes immediately before the conference. On the other hand, if the matter was given to the committee with a main motion, the matter dies when the committee is discharged. Another main motion is needed to bring it up again.

Division of Question: means the pending motion is divided into distinct and separate parts to be considered individually. The motion should state where the division(s) is to be.

Lay on the Table: means to set the pending motion aside temporarily when something else of immediate urgency has arisen. The proper form of the motion does not state when the matter will be taken from if the motion does not state when the matter will be taken from the table. The matter must be taken from the table before adjournment or the matter dies for that session. However, the matter may be introduced at another session as a new motion. If the mover's intent is anything other than laying the matter aside until an emergency situation is taken care of, then the proper motions/actions are: Postpone Definitely, Postpone Indefinitely, Objection to Consideration, or vote against the motion. The motion Lay on the Table should be ruled out of order and disposed of.

Limit or Extend Debate: means the conference can exercise special control over the total time of debate, the time each member has to debate, or the number of members who can speak on a pending motion or series of pending motions, or the time that debate will cease. This motion cannot impose an immediate closing of debate, the appropriate motion then would be Previous Question.

Main Motion: means the introduction of new business, or in some cases the reconsideration or amendment of previously- adopted business.

Objection to the Consideration of the Question: means that the mover believes that the issue is so sensitive it should not even come before the conference for consideration or discussion. This must be moved prior to any debate or the making of any subsidiary motions. The motion when stated by the Chair is phrased so members are asked to vote for or against consideration. Therefore, those who wish to prevent consideration of the question vote in the negative. If the mover merely disagrees with the motion, the proper action is to vote against the original pending motion. If the objection is sustained, the main motion cannot be renewed during the same session except by unanimous consent or by reconsideration of the vote on the objection; however, the same main motion can be introduced at any succeeding session.

Order of the Day, to Call for: means any member can require the conference to conform to its own agenda, unless the conference then Suspends the Rules or Changes the Order of the Day.

Parliamentary Inquiry: is a question to the chair to obtain information on a matter of parliamentary procedure or guidelines of the conference bearing on the business being considered. It is the duty of the Chair to answer such questions when it may assist a member to make an appropriate motion, raise a proper point of order, understand the parliamentary situation, or understand the effect of a motion. The Chair is not obligated to answer hypothetical questions. The Chair's reply is not subject to Appeal, since it is an opinion, not a ruling. However, a member has the right to act contrary to this opinion and if ruled out of order, to appeal such a ruling.

Point of Information: is a request directed to the Chair, or through the Chair to another member, for information relevant to the business being considered but is not a matter related to parliamentary procedure and requires no vote. A Point of Information is not properly used to create a discussion between two members. If the Point of Information is a question to a member who is speaking, the Chair will ask the member who correctly has the floor if they will yield to a Point of Information; the member has the right not to yield, since the time consumed for the Point of Information will be taken out of the speaker's allowed time. If the member does yield, the member raising the point is required to raise the issue in the form of a question to the Chairperson, but the Chairperson usually allows the member who correctly has the floor to answer. After the question is stated, the member raising the matter is obligated to remain silent and allow the member who has the floor to continue.

Point of Order: means a member believes the rules of the conference are being violated and is asking for recognition from the Chair to make a determination as to whether or not the procedure that the member feels is pertinent is being violated. A Point of Order is not a method or procedure to dispute the accuracy of something that another member has stated, but a way to keep the conference working on the business that it is supposed to be working on and in accordance with its guidelines and other rules of order. This point needs to be made immediately at the time the perceived breach occurs. If a member is uncertain that there is a breach of order, they can make a Parliamentary Inquiry. Also, it is undesirable to raise Points of Order on minor irregularities, if it is clear that no one's rights are being infringed on.

Postpone to a Definite Time (Definitely): means to put off action on a pending motion until a definite day, time or until after a certain event. This motion can be moved regardless of how much debate there has been on the pending motion. A question may be postponed to a more convenient time or because debate has shown reasons for holding off a decision until later. The question may not be postponed beyond the end of the present session. When the time to which a question has been postponed arrives, the question can be postponed again if additional delay will not interfere with the proper handling of the postponed motion. When consideration of the question is resumed at the specified time, the business is in the same condition it was immediately before the postponement, including any adhering motions.

Postpone Indefinitely: means that the conference declines to take a position of the main question. Its adoption kills the main motion for the duration of the session and avoids a direct vote on the question. It is useful in disposing of a badly chosen main motion that cannot be either adopted or expressly rejected without possibly undesirable consequences.

Previous Question: means to immediately close debate and the making of any subsidiary motions, except Lay on the Table, of a pending motion. If Previous Question is not adopted, debate continues. If adopted, the pending motion immediately goes to vote.

Question (Point) of Privilege, to Raise: permits a request of a main motion relating to the rights and privileges of the conference or any of its members to be brought up for possible immediate consideration because of its urgency, while business is pending and the request or motion would otherwise be out of order. The Chair rules (subject to Appeal) only on whether this matter should interrupt pending business. If the Chair rules yes, then the question is handled depending on its original form. If originally phrased, like a request, it is handled as such; if phrased like a motion, the Question then requires a second, is debatable, amendable, etc., and is handled by the conference. If there is no urgency, a Question of Privilege can be brought to the conference as a regular motion and is handled in the normal course of business.

Recess: means a short intermission in the conference's proceedings which does not close the meeting, and after which business will immediately be resumed at exactly the point where it was interrupted. If a recess is provided for in the agenda, the Chair will simply declare the conference in recess. If the Chair does not announce a pre-scheduled recess at the scheduled time, a member can Call for the Order of the Day. If the conference wishes to postpone a pre-scheduled recess, it can move to Suspend the Rules.

Reconsider: enables a motion or an amendment to be reconsidered if a member believes it was a hasty or ill-advised action or if new information or a changed situation has developed. However, it must be moved by a member who voted on the prevailing side (the second may have voted on either side) and it must be moved on the same day of the original vote. If the Reconsider is adopted, the motion is brought before the conference in the exact form as before the original vote was taken and is handled as if it had never been voted on, that's it follows whatever parliamentary rules are appropriate to that motion, whether it is debatable, amendable, etc. If the Reconsider motion is debatable, a member has the right to debate the Reconsider motion regardless of whether their rights to debate were exhausted on the original motion. If the Reconsider is adopted, a member whose rights to debate the original motion were exhausted are still exhausted.

Take from the Table: enables the conference to make pending again a motion that previously has been Laid on the Table. If a matter is not Taken from the Table within the same session as the motion to Lay on the Table, the matter dies; although the matter can be re-introduced later as a new question. If the motion to Take from the Table is adopted, the original motion becomes pending in its exact form, including all adhering motions, as when it was laid down. If a matter is Taken from the Table, members who have exhausted their right to debate cannot speak again.

Voting, motions about: enables the conference to obtain a vote on a question in some form other than by voice or other than as described in the conference's standing rules or to close or reopen the polls.
